

Review Form 1.7

Journal Name:	Asian Journal of Biochemistry, Genetics and Molecular Biology
Manuscript Number:	Ms_AJBGMB_111573
Title of the Manuscript:	Study of serum sodium and potassium levels in senile cataract patients versus normal controls.
Type of the Article	Original Research Article

PART 1:

		Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<p>Compulsory REVISION comments</p> <p>1. Is the manuscript important for scientific community? Yes as senile cataract is the commonest cause of reversible blindness (Please write few sentences on this manuscript)</p> <p>2. Is the title of the article suitable? (If not please suggest an alternative title) Add age matched normal individuals in last</p> <p>3. Is the abstract of the article comprehensive? Yes</p> <p>4. Are subsections and structure of the manuscript appropriate? Yes</p> <p>5. Do you think the manuscript is scientifically correct? Abstract and full text do not match</p> <p>6. Are the references sufficient and recent? If you have suggestion of additional references, please mention in the review form. Ok <u>(Apart from above mentioned 6 points, reviewers are free to provide additional suggestions/comments)</u></p>	<p>1. Abstract do not discuss serum sodium and potassium level in senile cataract instead discusses serum sodium and chloride level in cataract patients</p> <p>2. Author says that this research hasn't been published in past instead it has been in PJOin2015 carried out in academic kashmir Senile patients having renal insufficiency and chronic diarrhoea cases should also be excluded from the study as they can effect serum electrolyte level and so forth result of study</p>	
<p>Minor REVISION comments Need Minor revision</p> <p>1. Is language/English quality of the article suitable for scholarly communications? Yes</p>		
<p>Optional/General comments</p>		

PART 2:

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<p>Are there ethical issues in this manuscript?</p>	<p><i>(If yes, Kindly please write down the ethical issues here in details)</i></p>
