| Manuscript Number: | Ms_JOCAMR_112221 |
| Title of the Manuscript: | Khuzāma (Lavandula angustifolia Mill.): Pharmacological Action and Therapeutic uses in perspective of Unani Medicine- a Review |
| Type of the Article | REVIEW ARTICLE |

PART 1: Review Comments

| | Reviewer's comment | Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here) |
|---|--|---|
| <p>Compulsory REVISION comments</p> <ol style="list-style-type: none"> Is the manuscript important for scientific community? (Please write few sentences on this manuscript) Is the title of the article suitable? (If not please suggest an alternative title) Is the abstract of the article comprehensive? Are subsections and structure of the manuscript appropriate? Do you think the manuscript is scientifically correct? Are the references sufficient and recent? If you have suggestion of additional references, please mention in the review form. <p><u>(Apart from above mentioned 6 points, reviewers are free to provide additional suggestions/comments)</u></p> | <ol style="list-style-type: none"> The manuscript contains important information for the scientific community. It contains some relevant pharmacological activities collated via well-structured review of literatures. The information will aid the advancement of the use of botanicals for complementary and alternative medicine. The title of the article is suitable. However, the author is encouraged to use only botanical names in the title. The abstract is not well-structured; suggestions have been made in the comment section by the reviewer. Also, the author should align with the stipulated journal format. Necessary comments on the subsections have been made on the reviewers' comment section for the authors attention. The manuscript is a review article. Although slight comments have been made, the manuscripts method of data collection is correct. The in-text citation of references is not sequentially followed; the author is encouraged to cite references in order. Comments are on the manuscript for authors attention. On the reference section, the author is advised to add doi for the references. <p>The author is expected to give a little information on Unani medicine.</p> | |
| <p>Minor REVISION comments</p> <ol style="list-style-type: none"> Is language/English quality of the article suitable for scholarly communications? | <p>The language and English quality is suitable.</p> | |
| <p>Optional/General comments</p> | | |

PART 2:

| | Reviewer's comment | Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here) |
|---|---|---|
| <p>Are there ethical issues in this manuscript?</p> | <p><i>(If yes, Kindly please write down the ethical issues here in details)</i></p> | |
