

Review Form 1.7

Journal Name:	Journal of Complementary and Alternative Medical Research
Manuscript Number:	Ms_JOCAMR_108945
Title of the Manuscript:	Profile of D-Dimer Levels in Patients Confirmed Positive for COVID-19 Aged 45 – 70 Years at UKI Hospital for the Period December 2020 – September 2021
Type of the Article	

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<p>Compulsory REVISION comments</p> <p>1. Is the manuscript important for scientific community? (Please write few sentences on this manuscript)</p> <p>2. Is the title of the article suitable? (If not please suggest an alternative title)</p> <p>3. Is the abstract of the article comprehensive?</p> <p>4. Are subsections and structure of the manuscript appropriate?</p> <p>5. Do you think the manuscript is scientifically correct?</p> <p>6. Are the references sufficient and recent? If you have suggestion of additional references, please mention in the review form.</p> <p>(Apart from above mentioned 6 points, reviewers are free to provide additional suggestions/comments)</p>	<p>The paper examines the concentration of D-dimers levels in COVID-19 patients. The results indicate a correlation between increased severe symptoms in older patients, with higher D-dimer formation. The paper is very crucial to global science and health.</p> <p>Yes</p> <p>Yes</p> <p>Yes</p> <p>Yes. Though further examination would have enhanced its quality.</p> <p>Yes, I would suggest additional references.</p>	
<p>Minor REVISION comments</p> <p>1. Is language/English quality of the article suitable for scholarly communications?</p>	<p>Yes</p>	
<p>Optional/General comments</p>	<p>Additional references</p> <p>1. Nemec, H. M., Ferenczy, A., Christie, B. D., 3rd, Ashley, D. W., & Montgomery, A. (2022).
