PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<p>Compulsory REVISION comments</p> <p>1. Is the manuscript important for scientific community? Yes (Please write few sentences on this manuscript)</p> <p>2. Is the title of the article suitable? yes (If not please suggest an alternative title)</p> <p>3. Is the abstract of the article comprehensive? Comprehensive but needs revisions to make English grammar okay</p> <p>4. Are subsections and structure of the manuscript appropriate? It is but remove objective from Methodology and put them under the introduction, ensure your introduction opens gaps that will lead to the study objective</p> <p>5. Do you think the manuscript is scientifically correct? Yes it is</p> <p>6. Are the references sufficient and recent? If you have suggestion of additional references, please mention in the review form. No the author (s) need to include more recent relevant publications</p> <p>(Apart from above mentioned 6 points, reviewers are free to provide additional suggestions/comments)</p>	<p>-You need recent and relevant citations in your research -you need an editor to correct your grammar -objectives under materials and methods should be put below the introduction after opening gaps for your study - include maps of study area in the methodology section -include sample size in your methodology, show how you arrived at that samples size You need to be clear on the type and sources of secondary and original data that you used. How did you collect this data? - Explain why qualitative and quantitative data was necessary for this study - Explain how the data was analytical and descriptive - Take the conceptual framework below introduction and explain what is happening in it. - Organize your results based on objectives i.e</p> <p>the characteristics of tribal rural youth in.....for sustainable livelihood through skill development.</p> <p>the appropriateness of skill elements of tribal rural youth for sustainable livelihood development.</p> <p>- Recommend and conclude based on objectives.</p>	
<p>Minor REVISION comments</p> <p>1. Is language/English quality of the article suitable for scholarly communications? Yes but it requires some editing</p>		
<p>Optional/General comments The paper is good and publishable with minor corrections</p>
