(If not please suggest an alternative title)</p> <p>3. Is the abstract of the article comprehensive?</p> <p>4. Are subsections and structure of the manuscript appropriate?</p> <p>5. Do you think the manuscript is scientifically correct?</p> <p>6. Are the references sufficient and recent? If you have suggestion of additional references, please mention in the review form.</p> <p>(Apart from above mentioned 6 points, reviewers are free to provide additional suggestions/comments)</p>	<p>After reviewing the manuscript, I found that it contains good and useful information.</p> <p>Yes</p> <p>Yes, but it needs improvement.</p> <p>Please follow the author's guidelines.</p> <p>Yes, but it needs improvement.</p> <p>References are recent but more references are required.</p>	
<p>Minor REVISION comments</p> <p>1. Is language/English quality of the article suitable for scholarly communications?</p>	<p>Grammatical errors should be addressed carefully.</p>	
<p>Optional/General comments</p>	<p>Some specific comments are as follows:</p> <ol style="list-style-type: none"> 1. Rewrite a well-structured abstract with separate headings for Aim, Methodology, Results & Discussions, etc. 2. Clarify whether all-purpose flour or Wheat Flour is used in the preparation of the Crepe recipe as both are mentioned in the text. 3. In Table 4, what does 'L', 'a', and 'b' indicate, and how they are calculated? 4. In the Result & Discussions section, the protein content of the crepe is not clarified. Please rewrite this section. 5. Authors are suggested to draw tables by themselves. Don't add images of the Tables. 6. Include more recent references supporting the study. 7. In conclusion, "Eucheuma powder demonstrated high levels of dietary fiber and ash". Has been written. However, ash content has not been analyzed in the manuscript. Please check and rewrite it correctly and carefully. 8. Please follow the author's guidelines. 	

PART 2:

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<p>Are there ethical issues in this manuscript?</p>	<p><i>(If yes, Kindly please write down the ethical issues here in details)</i></p>
