	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<p>Compulsory REVISION comments</p> <ol style="list-style-type: none"> 1. Is the manuscript important for scientific community? (Please write few sentences on this manuscript) 2. Is the title of the article suitable? (If not please suggest an alternative title) 3. Is the abstract of the article comprehensive? 4. Are subsections and structure of the manuscript appropriate? 5. Do you think the manuscript is scientifically correct? 6. Are the references sufficient and recent? If you have suggestion of additional references, please mention in the review form. <p><u>(Apart from above mentioned 6 points, reviewers are free to provide additional suggestions/comments)</u></p>	<ol style="list-style-type: none"> 1. The manuscript important for scientific community because the study established that financial literacy explained business innovation and that a unit standard deviation increase in financial literacy skills would significantly lead to an increase in business innovation. The paper provided recommendations on policies and strategies that can be implemented to maximize the effects of financial literacy on sustainable entrepreneurship among the youths 2. The title of the article is in accordance with the article manuscript, but must be corrected by using hyphens ; right 3. The abstract in this article manuscript is complete 4. The subsections and structure of the manuscript are appropriate 5. the manuscript is scientifically correct, but the use of English and the correct standart language structure have been refined 6. include references for at least the last 5 years in related research <p>This is additional suggestion / comment</p> <p>Strengths :</p> <ol style="list-style-type: none"> 1. The paper provides a comprehensive examination of the importance of financial literacy and its impact on youth entrepreneurship in Kenya, particularly in the Bomet Municipality. 2. The paper conducted a pilot study with a sample size of 46 respondents at Sotik area to assess the reliability of the questionnaire. 3. The data was disaggregated into male and female respondents sets, and the eight dimensions used to measure sustainable entrepreneurship were assessed. 4. The study established that financial literacy explained business innovation and that a unit standard deviation increase in financial literacy skills would significantly lead to an increase in business innovation. 5. The paper provided recommendations on policies and strategies that can be implemented to maximize the effects of financial literacy on sustainable entrepreneurship among the youths in Bomet County, Kenya. <p>Weaknesses :</p> <ol style="list-style-type: none"> 1. The study was limited to the youthful entrepreneurs between the age of 18 and 35, which may limit the generalizability of the findings. 2. The study used a quantitative approach to evaluate financial literacy, which may have limited the level of understanding of the construct. 3. The study did not explore the relationship between gender and financial literacy, which may present a gap for possible future studies. 4. The study only focused on the Bomet Municipality, and did not consider other areas in Kenya. 5. The study did not consider the socio-economic factors that may have an influence on the level of financial literacy and its effects on sustainable entrepreneurship among the youth. 	
<p>Minor REVISION comments</p> <ol style="list-style-type: none"> 1. Is language/English quality of the article suitable for scholarly communications? 	<ol style="list-style-type: none"> 1. The quality of articles in Bahasa/English is suitable for scientific communication, but the
