

Review Form 1.7

Journal Name:	Asian Journal of Language, Literature and Culture Studies
Manuscript Number:	Ms_AJL2C_119730
Title of the Manuscript:	Strategy, Anxiety, and Belief in Language Learning: A Structural Equation Model in Students' Communicative Competence
Type of the Article	Original Research Article

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<p>Compulsory REVISION comments</p> <p>1. Is the manuscript important for scientific community? (Please write few sentences on this manuscript)</p> <p>2. Is the title of the article suitable? (If not please suggest an alternative title)</p> <p>3. Is the abstract of the article comprehensive?</p> <p>4. Are subsections and structure of the manuscript appropriate?</p> <p>5. Do you think the manuscript is scientifically correct?</p> <p>6. Are the references sufficient and recent? If you have suggestion of additional references, please mention in the review form.</p> <p>(Apart from above mentioned 6 points, reviewers are free to provide additional suggestions/comments)</p>	<p>The conceptual model of the manuscript is clearly delineated. The research design is in terms with contemporary knowledge in the fieldwork. The investigation shows that language anxiety has a bidirectional causal relationship with both language learning strategies and beliefs about language learning.</p> <p>2. Yes</p> <p>3. Yes</p> <p>4. Yes</p> <p>5. Yes</p> <p>6. Yes</p>	
<p>Minor REVISION comments</p> <p>1. Is language/English quality of the article suitable for scholarly communications?</p>	<p>Yes</p>	
<p>Optional/General comments</p>	<p>The manuscript is focused on the students' communication competence. The theoretical framework is based on the knowledge from grammatical, sociolinguistic, and strategic proficiency, which enable effective language usage for communication. The objectives of the research are well established. The results and the discussion are related to language learning strategies. The issue of the influence between Strategies, Anxieties and Beliefs on Language Learning and Communicative Competence is inserted in the conclusions.</p> <p>The conclusion of the research – the strategy, anxiety, and belief in language learning all play a significant role in students' communicate effectively – is important for future investigation in the fieldwork.</p> <p>The manuscript is accepted. The article is designed in terms quantitative research paradigm. The SEM model is well used. The conclusion of the manuscript is important for the academic community.</p>
