PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<p>Compulsory REVISION comments</p> <p>1. Is the manuscript important for scientific community? (Please write few sentences on this manuscript)</p> <p>2. Is the title of the article suitable? (If not please suggest an alternative title)</p> <p>3. Is the abstract of the article comprehensive?</p> <p>4. Are subsections and structure of the manuscript appropriate?</p> <p>5. Do you think the manuscript is scientifically correct?</p> <p>6. Are the references sufficient and recent? If you have suggestion of additional references, please mention in the review form.</p> <p>(Apart from above mentioned 6 points, reviewers are free to provide additional suggestions/comments)</p>	<p>The manuscript provides an in-depth analysis of the housing finance sector in Bangladesh, highlighting its challenges and potential solutions. This is crucial for understanding the economic and social implications of housing finance in a developing country context, making it highly relevant for policymakers, financial institutions, and academics.</p> <p>Yes, the title is suitable. It clearly reflects the comprehensive nature of the study and its focus on the challenges and prospects of the housing finance sector in Bangladesh.</p> <p>The abstract provides a concise summary of the study, including its objectives, findings, and implications. It effectively captures the essence of the manuscript.</p> <p>The subsections are well-structured and logically organized, covering key areas such as literature review, methodology, results, and discussion. This helps in maintaining a coherent flow of information throughout the manuscript.</p> <p>The manuscript appears to be scientifically robust and technically sound, with accurate data and a thorough analysis of the housing finance sector in Bangladesh.</p> <p>The references are adequate and recent. They provide a good context for the study and support the arguments made. Consider including more recent data or studies from the past two years to enhance the relevance of the literature review.</p>	
<p>Minor REVISION comments</p> <p>1. Is language/English quality of the article suitable for scholarly communications?</p>	<p>The language and English quality are generally good, but there are a few grammatical errors and awkward phrasings that need revision for clarity and readability.</p>	
<p>Optional/General comments</p>	<p><input type="checkbox"/> The use of figures and tables is appropriate and enhances the comprehension of the data presented.</p> <p><input type="checkbox"/> It might be beneficial to add a section on future research directions to guide subsequent studies in this area.</p>
