

## Review Form 1.7

Journal Name:	<b>Journal of Advances in Biology &amp; Biotechnology</b>
Manuscript Number:	<b>Ms_JABB_119290</b>
Title of the Manuscript:	<b>Performance of Different Hybrids of Bitter Gourd (Momordica charantia L.) in terms of Growth, Yield and Quality in Prayagraj Agro-Climatic Condition</b>
Type of the Article	<b>Original Research Article</b>

### **General guideline for Peer Review process:**

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound. To know the complete guideline for Peer Review process, reviewers are requested to visit this link:

**Review Form 1.7**

**PART 1: Review Comments**

	<b>Reviewer's comment</b>	<b>Author's comment</b> (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<p><b>Compulsory</b> REVISION comments</p> <p><b>1. Is the manuscript important for scientific community?</b> (Please write few sentences on this manuscript)</p> <p><b>2. Is the title of the article suitable?</b> (If not please suggest an alternative title)</p> <p><b>3. Is the abstract of the article comprehensive?</b></p> <p><b>4. Are subsections and structure of the manuscript appropriate?</b></p> <p><b>5. Do you think the manuscript is scientifically correct?</b></p> <p><b>6. Are the references sufficient and recent? If you have suggestion of additional references, please mention in the review form.</b></p> <p><b>(Apart from above mentioned 6 points, reviewers are free to provide additional suggestions/comments)</b></p>	<p>Yes, this manuscript is important for the scientific community as it provides valuable data on the performance of different hybrids of bitter gourd (<i>Momordica charantia</i> L.) under specific agro-climatic conditions. This information is useful for agricultural scientists, horticulturists, and farmers interested in optimizing growth, yield, and quality of bitter gourd in similar environments.</p> <p>Yes, the title is suitable and accurately reflects the content of the manuscript.</p> <p>The abstract is comprehensive but could be improved by including more specific results for other hybrids for better context.</p> <p>Yes, the subsections and structure of the manuscript are appropriate and logically organized.</p> <p>Yes, the manuscript appears to be scientifically correct based on the data presented and the methodology used.</p> <p>The references are sufficient and recent. No additional references are necessary at this time.</p>	
<p><b>Minor</b> REVISION comments</p> <p><b>1. Is language/English quality of the article suitable for scholarly communications?</b></p>	<p><input type="checkbox"/> Consider providing more detailed statistical analysis results in the Results section to enhance the robustness of the findings.</p> <p><input type="checkbox"/> Include a brief discussion on the economic implications of using the best-performing hybrid in the Conclusion section.</p> <ul style="list-style-type: none"> <li>The language and English quality of the article are generally suitable for scholarly communications but could benefit from minor grammatical and stylistic improvements for better clarity.</li> </ul>	
<p><b>Optional/General</b> comments</p>	<p>The introduction could be slightly condensed to focus more on the relevance of the study and less on the general background information.</p>	

**PART 2:**

	<b>Reviewer's comment</b>	<b>Author's comment</b> (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<p><b>Are there ethical issues in this manuscript?</b></p>	<p><i>(If yes, Kindly please write down the ethical issues here in details)</i></p>
