PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<p>Compulsory REVISION comments</p> <ol style="list-style-type: none"> Is the manuscript important for scientific community? (Please write few sentences on this manuscript) Is the title of the article suitable? (If not please suggest an alternative title) Is the abstract of the article comprehensive? Are subsections and structure of the manuscript appropriate? Do you think the manuscript is scientifically correct? Are the references sufficient and recent? If you have suggestion of additional references, please mention in the review form. <p>(Apart from above mentioned 6 points, reviewers are free to provide additional suggestions/comments)</p>	<p>The paper explores case studies and statistical data to illustrate the changes in farm outputs and trends in productivity enhancements linked to the adoption of modern farming technologies and practices facilitated by extension services. It also addresses the role of these services in fostering sustainable agricultural practices, enhancing environmental sustainability through improved soil health and water use, and contributing to economic sustainability by increasing cost-effectiveness and profitability. The paper concludes with recommendations for policy enhancements, the potential for international cooperation, and future research directions aimed at better understanding and improving the delivery and impact of agricultural extension services. This comprehensive analysis not only sheds light on the current state of agricultural extension in India but also serves as a guide for policymakers, researchers, and practitioners aiming to optimize the benefits of such services for smallholder farmers. The paper highlights the various fields of improvement. References are recent and title is also suit the Manuscript. the paper can be published.</p>	
<p>Minor REVISION comments</p> <ol style="list-style-type: none"> Is language/English quality of the article suitable for scholarly communications? 		
<p>Optional/General comments</p>
