<p>Compulsory REVISION comments</p> <ol style="list-style-type: none"> Is the manuscript important for scientific community? (Please write few sentences on this manuscript) Is the title of the article suitable? (If not please suggest an alternative title) Is the abstract of the article comprehensive? Are subsections and structure of the manuscript appropriate? Do you think the manuscript is scientifically correct? Are the references sufficient and recent? If you have suggestion of additional references, please mention in the review form. <p><u>(Apart from above mentioned 6 points, reviewers are free to provide additional suggestions/comments)</u></p>	<ol style="list-style-type: none"> The manuscript really laymen and do not have a scientific data to be highlighted The title really straight forward and need to be alter as there is a survey been conducted. The abstract really straight forward perhaps need to have the layout on current global situation (not only locality problems) The subsections and structure need improvement as this article more on review not a scientific article The manuscript is not in scientifically as there is lack of data, just a figure and simple elaborations. The reference insufficient and need improvement as if the article state as scientific form the methods must have general method that been referred to. For example (Provost and Wallert 2015) 	
<p>Minor REVISION comments</p> <ol style="list-style-type: none"> Is language/English quality of the article suitable for scholarly communications? 	The language (English) is suitable	
<p>Optional/General comments</p>
