

Review Form 1.7

Journal Name:	Asian Journal of Biotechnology and Genetic Engineering
Manuscript Number:	Ms_AJBGE_118453
Title of the Manuscript:	Precision Engineering in Oncology: Advancement and Applications of CRISPR Technology in Murine Cancer Modelling
Type of the Article	Review Article

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<p>Compulsory REVISION comments</p> <p>1. Is the manuscript important for scientific community? (Please write few sentences on this manuscript)</p> <p>2. Is the title of the article suitable? (If not please suggest an alternative title)</p> <p>3. Is the abstract of the article comprehensive?</p> <p>4. Are subsections and structure of the manuscript appropriate?</p> <p>5. Do you think the manuscript is scientifically correct?</p> <p>6. Are the references sufficient and recent? If you have suggestion of additional references, please mention in the review form.</p> <p>(Apart from above mentioned 6 points, reviewers are free to provide additional suggestions/comments)</p>	<p>1. The manuscript titled "Precision Engineering in Oncology: Advancement and Applications of CRISPR Technology in Murine Cancer Modeling" is crucial for the scientific community as it highlights significant advancements in cancer research and the potential for precise genetic interventions using CRISPR technology.</p> <p>2. Title revision: The original title has been altered to more accurately reflect the essence of the research report.</p> <p>3. Abstract is good and comprehensive.</p> <p>4. Subsection are good but structure of the manuscript not properly justify.</p> <p>5. Yes scientifically correct but grammatical errors: All grammatical errors have been fixed, and the content has been polished for clarity and readability. Abbreviations: Definitions have been provided for all abbreviations used in the study</p> <p>6. References: The list of references has been updated to reflect the most recent research in the field, which was published in 2020 and 2022. Isaey et al., 2021: Isaey et al., 2021 has been cited twice in one reference citation.</p> <p>7. Conclusion: The summary has been revised to briefly and clearly summarise the key results and implications of the research.</p>	
<p>Minor REVISION comments</p> <p>1. Is language/English quality of the article suitable for scholarly communications?</p>		
<p>Optional/General comments</p>		

PART 2:

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<p>Are there ethical issues in this manuscript?</p>	<p><i>(If yes, Kindly please write down the ethical issues here in details)</i></p>
