<p><b>Compulsory REVISION comments</b></p> <p>1. <b>Is the manuscript important for scientific community?</b> (Please write few sentences on this manuscript)</p> <p>2. <b>Is the title of the article suitable?</b> (If not please suggest an alternative title)</p> <p>3. <b>Is the abstract of the article comprehensive?</b></p> <p>4. <b>Are subsections and structure of the manuscript appropriate?</b></p> <p>5. <b>Do you think the manuscript is scientifically correct?</b></p> <p>6. <b>Are the references sufficient and recent? If you have suggestion of additional references, please mention in the review form.</b></p> <p><b>(Apart from above mentioned 6 points, reviewers are free to provide additional suggestions/comments)</b></p>	<p>Yes, it is suitable for scientific community. The research gap has been identified. The methodology that has been selected is also statistically valid. The results are also well interpreted.</p> <p>No comment on title</p> <p>No comment</p> <p>No comment</p> <p>No comment</p> <p>No comment</p>	
<p><b>Minor REVISION comments</b></p> <p>1. <b>Is language/English quality of the article suitable for scholarly communications?</b></p>	<p>Language is good, however in some cases it should be corrected for example in section 1 <b>The</b> The price of food makes the nation's malnutrition.... Similarly, in sub section 3.1, there should be grammatical correction in the sentence <b>This 11.7 million rise</b>..... There are other cases where space is missing.</p>	
<p><b>Optional/General comments</b></p>	<p>It would be better if the author provided the brief description of the present situation of malnutrition and other health related problems due to the lack of healthy diet in Tanzania in introduction section.</p> <p>Why you do not keep the agricultural productivity as the independent variable of no of people unable to afford a healthy diet as shown in equation (1).</p> <p>In table 6 if the numbers in the parentheses indicate the percentage contribution of each food item to the Overall cost of a healthy diet for each year, why the total percentage is greater than 100. Why?</p>
