Review Form 3

PART 1: Review Comments

Compulsory REVISION comments	Reviewer's comment	Author's Feedback <i>(Please correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)</i>
Please write few sentences regarding the importance this manuscript for scientific community. Why do you like (or dislike) this manuscript? Minimum 3-4 sentences may be required for this part.	This case study is interesting. Laparostomy surgical procedure is not commonly use to treat Cervical stenosis. Need to work on Abstract and conclusion. But author do not know basic of writing, reference writing, grammar. There is lots of formatting mistake in manuscript.	
Is the title of the article suitable? (If not please suggest an alternative title)	No	
Is the abstract of the article comprehensive? Do you suggest addition (or deletion) of some points in this section? Please write your suggestions here.	No	
Are subsections and structure of the manuscript appropriate?	Yes	
Please write few sentences regarding the scientific correctness of this manuscript. Why do think that this manuscript is scientifically robust and technically sound? Minimum 3-4 sentences may be required for this part.	For cervical stenosis dilation is use to treat stenosis. All sections are cover in case study.	
Are the references sufficient and recent? If you have suggestion of additional references, please mention in the review form. -	References are sufficient but many more mistakes in referencing style	
Minor REVISION comments Is language/English quality of the article suitable for scholarly communications?	no	
Optional/General comments
