Manuscript Number:	Ms_AJRIZ_119028
Title of the Manuscript:	Specie Composition and Diversity of Coastal Trawled Fishes Landed off the Coast of Qua Iboe River Estuary, Ibeno, Nigeria
Type of the Article	

**PART 1: Review Comments**

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<p><b>Compulsory</b> REVISION comments</p> <p>1. <b>Is the manuscript important for scientific community?</b> (this manuscript offers significant insights and practical benefits, making it a valuable addition to the scientific community and industry practitioners)</p> <p>2. <b>Is the title of the article suitable?</b> (is largely suitable as it clearly conveys the focus and scope of the study. However, it could be made more concise and impactful)</p> <p>3. <b>Is the abstract of the article comprehensive?</b> Yes</p> <p>4. <b>Are subsections and structure of the manuscript appropriate?</b> yes</p> <p>5. <b>Do you think the manuscript is scientifically correct?</b> yes</p> <p>6. <b>Are the references sufficient and recent? If you have suggestion of additional references, please mention in the review form.</b> Indeed, excessive use of references can be counterproductive <b>(Apart from above mentioned 6 points, reviewers are free to provide additional suggestions/comments)</b></p>	<p>The research in general is very good and important in terms of application, however the number of studies cited is high, the introduction also needs to be shortened and it also needs to clarify which methods are used in the relationship between age and gender. <b>work and growth.</b></p> <p><b>For researchers, it is known, but it must be mentioned in research, and there are many. References are in the reference list, not in the text. There are also references included in the article but not in the reference list.</b></p> <p><b>Missing reference</b> Adaka <i>et al.</i>, 2017; Beger-parker, 1970 Hall, 2000 Ibim and Owhonda, (2017) King <i>et al.</i>, 1990 Olaoye and Wahab, 2018</p>	
<p><b>Minor</b> REVISION comments</p> <p>1. <b>Is language/English quality of the article suitable for scholarly communications?</b> Yes</p>	Yes	
<p><b>Optional/General</b> comments</p>	acceptable	

**PART 2:**

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<p><b>Are there ethical issues in this manuscript?</b></p>	<p><i>(If yes, Kindly please write down the ethical issues here in details)</i></p>
