

Review Form 3

Journal Name:	Journal of Experimental Agriculture International
Manuscript Number:	Ms_JEAI_120534
Title of the Manuscript:	Impact of different Plant Densities and Fertilizer Levels on Yield Attributes, Yield and Fibre Quality characters of Bt Cotton in HDPS
Type of the Article	Original Research Article

Review Form 3

PART 1: Review Comments

Compulsory REVISION comments	Reviewer's comment	Author's Feedback (Please correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Please write few sentences regarding the importance this manuscript for scientific community. Why do you like (or dislike) this manuscript? Minimum 3-4 sentences may be required for this part.	The work lacks of novelty because similar types of work published in different journals. The interaction effects between density and fertilizer levels were found to be significant for seed cotton yield.	
Is the title of the article suitable? (If not please suggest an alternative title)	Title is ok	
Is the abstract of the article comprehensive? Do you suggest addition (or deletion) of some points in this section? Please write your suggestions here.	The abstract is comprehensive.	
Are subsections and structure of the manuscript appropriate?	All subsections are appropriate in the manuscript.	
Please write few sentences regarding the scientific correctness of this manuscript. Why do think that this manuscript is scientifically robust and technically sound? Minimum 3-4 sentences may be required for this part.	Cotton is one important raw material used in textile industries. There is more demand to prepare good quality cotton and import it to other countries, economic background of the country may be increased. The HDPC higher the yield of cotton to benefit the farmer.	
Are the references sufficient and recent? If you have suggestion of additional references, please mention in the review form.	The highlighted references are moved from the manuscript because it was very old. Please include the recent literature work add to the manuscript.	
Minor REVISION comments		
Is language/English quality of the article suitable for scholarly communications?	OK	
Optional/General comments	1. What is the correlation between the density and yield of cotton? Explain it. 2. What are the main differences between Bt cotton and non Bt cotton? 3. Some of the countries are banned by using Bt cotton because it is toxic. Explain in a comment the statement. 4. Why pH is used to the growth of the Bt cotton plant?	

PART 2:

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Are there ethical issues in this manuscript?	<i>(If yes, Kindly please write down the ethical issues here in details)</i>	No , there are no ethical issues in the manuscript.
