Review Form 3

PART 1: Review Comments

Compulsory REVISION comments	Reviewer's comment	Author's Feedback (Please correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<p>Please write few sentences regarding the importance this manuscript for scientific community. Why do you like (or dislike) this manuscript? Minimum 3-4 sentences may be required for this part.</p>	<p>The main aim of the study is to investigate the financial struggles of teachers. This is very important since it has implication for policy and practice.</p>	
<p>Is the title of the article suitable? (If not please suggest an alternative title)</p>	<p>Title of the article is sound</p>	
<p>Is the abstract of the article comprehensive? Do you suggest addition (or deletion) of some points in this section? Please write your suggestions here.</p>	<p>The abstract is sound</p>	
<p>Are subsections and structure of the manuscript appropriate?</p>	<p>The background is inadequate, the significance of this study should be captured. Why the need for this study? Again, the objective of the study is not clear? Author (s) should be clear on what financial realities mean.</p> <p>Su-sections are appropriate, however, the author (s) should Remove all sub-headings under ethical issues and write as on paragraph for all the ethical issues (2.7.1 to 2.7.10). 2.3 Instrument ... the challenges they faced, the coping mechanisms employed, and the learning experiences encountered by the participants... these are the objectives of the study, should also be seen in the introduction section.</p> <p>The author (s) should indent all excerpts from participants in results and discussion section.</p>	
<p>Please write few sentences regarding the scientific correctness of this manuscript. Why do think that this manuscript is scientifically robust and technically sound? Minimum 3-4 sentences may be required for this part.</p>	<p>The author (s) did diligent work on this paper, the problem under study is very relevant. The approach used and the methods of data collection and analysis are very sound. The author (s) have addressed threats to internal validity and ethical issues. Presentation of findings and discussions are very sound. References referencing style is good. However, the study lacks a theoretical framework, and the objectives are not clearly stated.</p>	
<p>Are the references sufficient and recent? If you have suggestion of additional references, please mention in the review form.</p>	<p>References are sufficient and current</p>	
<p>Minor REVISION comments</p> <p>Is language/English quality of the article suitable for scholarly communications?</p>		
<p>Optional/General comments</p>
