Review Form 3

PART 1: Review Comments

Compulsory REVISION comments	Reviewer's comment	Author's Feedback <i>(Please correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)</i>
Please write few sentences regarding the importance this manuscript for scientific community. Why do you like (or dislike) this manuscript? Minimum 3-4 sentences may be required for this part.	This manuscript is crucial for the scientific community as it provides an in-depth analysis of the socio-cultural and legal impacts of the Nusantara Capital City development on indigenous communities. It highlights the threats to traditional land rights and livelihoods, emphasizing the need for inclusive development policies. The findings offer valuable insights for policymakers, social scientists, and human rights advocates, promoting a more holistic approach to sustainable development.	
Is the title of the article suitable? (If not please suggest an alternative title)	It captures the focus of the manuscript. However, a more concise and descriptive alternative could be: "Impact of Nusantara Capital City Development on Indigenous Communities in Indonesia"	
Is the abstract of the article comprehensive? Do you suggest addition (or deletion) of some points in this section? Please write your suggestions here.	Yes, the abstract of the article is comprehensive. It effectively outlines the main issues faced by the indigenous community due to the development of the new capital city, Nusantara.	
Are subsections and structure of the manuscript appropriate?	Yes	
Please write few sentences regarding the scientific correctness of this manuscript. Why do think that this manuscript is scientifically robust and technically sound? Minimum 3-4 sentences may be required for this part.	This paper is scientifically sounds good which includes thorough data collection methods such as observation, documentation and interviews. It adheres to established research protocols, ensuring the reliability and validity of its findings on the impacts of the Nusantara Capital City development on indigenous communities. The study's comprehensive exploration of indigenous rights and the implications of urban planning initiatives enriches its scientific contribution, providing valuable insights into sustainable development challenges and solutions.	
Are the references sufficient and recent? If you have suggestion of additional references, please mention in the review form.	The references need to be formatted correctly with proper sorting and formatting according to the specified style. Additionally, the current list appears incomplete and requires expansion.	
Minor REVISION comments		
Is language/English quality of the article suitable for scholarly communications?	The English language quality of the article appears suitable for scholarly communications. The text is generally clear and coherent, with appropriate academic terminology and structure.	
Optional/General comments	The manuscript seems to address an important socio-economic and environmental issue related to indigenous communities and development projects in Indonesia.
