Title of the Manuscript:	ANTIBODY-DRUG CONJUGATES IN CANCER TREATMENT: A REVIEW
Type of the Article	Review Article

Review Form 1.8

PART 1: Review Comments

Compulsory REVISION comments	Reviewer's comment	Author's Feedback <i>(Please correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)</i>
Is the manuscript important for scientific community? <i>(Please write few sentences regarding this manuscript to justify your answer)</i>	Yes, it is a good article, but in some parts, it deviates from the rules of a review article, which should be corrected, especially every review article needs a comprehensive and complete explanation of the working method on how to search for articles and the desired scientific database.	
Is the title of the article suitable? (If not please suggest an alternative title)	In the title section, it is better to write overview instead of review	
Is the abstract of the article comprehensive?	Yes, the abstract is comprehensive	
Are subsections and structure of the manuscript appropriate?	No. The sub-sections should be numbered and arranged, and the materials and methods section should be added	
Do you think the manuscript is scientifically correct? <i>(Please write few sentences regarding this manuscript to justify your answer)</i>	Yes. From a scientific point of view, it is taken from authentic articles that have been referenced and explained well, but the text of the article needs to be nativeized.	
Are the references sufficient and recent? If you have suggestion of additional references, please mention in the review form.	Yes, they are sufficient, but in some references, such as reference number 17, the word "internet" is used, which seems that this word should be removed.	
Minor REVISION comments		
Is language/English quality of the article suitable for scholarly communications?	The language of the article needs to be native	
Optional/General comments		

PART 2:

	Reviewer's comment	Author's comment <i>(if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)</i>
Are there ethical issues in this manuscript?	<i>(If yes, Kindly please write down the ethical issues here in details)</i>
