

### Review Form 3

Journal Name:	<b>International Journal of Plant &amp; Soil Science</b>
Manuscript Number:	<b>Ms_IJPSS_120308</b>
Title of the Manuscript:	<b>Characterisation of soil properties of CRC-2 and CRC-3 at ITM University, under Gwalior region, M.P</b>
Type of the Article	<b>Journal</b>

#### **General guideline for Peer Review process:**

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound. To know the complete guideline for Peer Review process, reviewers are requested to visit this link:

<https://r1.reviewerhub.org/general-editorial-policy/>

#### **Important Policies regarding Peer Review**

Peer review Comments Approval Policy: <https://r1.reviewerhub.org/peer-review-comments-approval-policy/>

Benefits for Reviewers: <https://r1.reviewerhub.org/benefits-for-reviewers>

**Review Form 3**

**PART 1: Review Comments**

<b>Compulsory</b> REVISION comments	<b>Reviewer's comment</b>	<b>Author's Feedback</b> <i>(Please correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)</i>
Please write few sentences regarding the importance this manuscript for scientific community. Why do you like (or dislike) this manuscript? Minimum 3-4 sentences may be required for this part.	It describes the characterisation of soil properties	
Is the title of the article suitable? (If not please suggest an alternative title)	Appropriate Title	
Is the abstract of the article comprehensive? Do you suggest addition (or deletion) of some points in this section? Please write your suggestions here.	Scope of the article is mentioned in a proper manner. We can add Results & Discussion, Future Enhancement further and use bullets to the appropriate place	
Are subsections and structure of the manuscript appropriate?	Yes, appropriate	
Please write few sentences regarding the scientific correctness of this manuscript. Why do think that this manuscript is scientifically robust and technically sound? Minimum 3-4 sentences may be required for this part.		
Are the references sufficient and recent? If you have suggestion of additional references, please mention in the review form.	Quite Ok.	
<b>Minor</b> REVISION comments  Is language/English quality of the article suitable for scholarly communications?	Since it's a base paper, it would be suitable	
<b>Optional/General</b> comments	Nil	

**Editorial Comments (This section is reserved for the comments from journal editorial office and editors):**

	Author's Feedback
You are hereby suggested to include following recent references to improve the quality of the manuscript.
