PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<p>Compulsory REVISION comments</p> <p>1. Is the manuscript important for scientific community? (Please write few sentences on this manuscript)</p> <p>2. Is the title of the article suitable? (If not please suggest an alternative title)</p> <p>3. Is the abstract of the article comprehensive?</p> <p>4. Are subsections and structure of the manuscript appropriate?</p> <p>5. Do you think the manuscript is scientifically correct?</p> <p>6. Are the references sufficient and recent? If you have suggestion of additional references, please mention in the review form.</p> <p>(Apart from above mentioned 6 points, reviewers are free to provide additional suggestions/comments)</p>	<p>1. From this article we can know that India does have superior millet products which have benefits for the body and human health. However, the impact on human consumption will of course vary depending on each individual's metabolism. This article contributes insight into the importance of millets and how India's dominance is increasingly strengthened by its government / supported by its government in marketing millets globally</p> <p>2. I would recommend: Millets as indigenous food system in Indian Subcontinent for Revitalization, Resilience and Sovereignty</p> <p>3. Yes</p> <p>4. Yes</p> <p>5. Yes</p> <p>6. Yes</p>	
<p>Minor REVISION comments</p> <p>1. Is language/English quality of the article suitable for scholarly communications?</p>	<p>1. Yes</p>	
<p>Optional/General comments</p>	<p>1. as an alternative view so that this article can be more elaborated on how millet can influence social resilience in India.</p> <p>2. As an alternative view, you can add How millet as an indigenous food within the Indian integrated food system.</p>
