

Review Form 3

Journal Name:	Asian Research Journal of Agriculture
Manuscript Number:	Ms_ARJA_120678
Title of the Manuscript:	Effect of Distinct Levels of Nitrogen on Growth and Produce of Linseed (<i>Linum usitatissimum</i> L.)
Type of the Article	Original Research Article

Review Form 3

PART 1: Review Comments

Compulsory REVISION comments	Reviewer's comment	Author's Feedback <i>(Please correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)</i>
Please write few sentences regarding the importance this manuscript for scientific community. Why do you like (or dislike) this manuscript? Minimum 3-4 sentences may be required for this part.	The manuscript is about the "Linseed" -an important agriculturally sustainable crop with immense qualities grown in India and its low yield due to poor application of nutrients to the soil" . The present research shows how the application of different concentration of nitrogen will have the effect on overall growth and yield of Linseed. The work is important for the scientific community considering the crop and its importance in agricultural country like India	
Is the title of the article suitable? (If not please suggest an alternative title)	Impact of Different Levels of Nitrogen on Growth and yield of Linseed (Linum usitatissimum L.) is more appropriate.	
Is the abstract of the article comprehensive? Do you suggest addition (or deletion) of some points in this section? Please write your suggestions here.	Yes Abstract can be running matter, instead of separate headings	
Are subsections and structure of the manuscript appropriate?	Yes	
Please write few sentences regarding the scientific correctness of this manuscript. Why do think that this manuscript is scientifically robust and technically sound? Minimum 3-4 sentences may be required for this part.	This manuscript has taken linseed, one of the agriculturally important crop The important issue regarding low yield was taken as important parameter Nitrogen one of the important nutrient supplement is mainly taken to show the effect of different concentration	
Are the references sufficient and recent? If you have suggestion of additional references, please mention in the review form.	Some more References between 2000 and 2010 can be added	
Minor REVISION comments		
Is language/English quality of the article suitable for scholarly communications?	yes	
Optional/General comments		

PART 2:

	Reviewer's comment	Author's comment <i>(if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)</i>
Are there ethical issues in this manuscript?	<u><i>(If yes, Kindly please write down the ethical issues here in details)</i></u>
