Type of the Article	

Review Form 1.8

PART 1: Review Comments

Compulsory REVISION comments	Reviewer's comment	Author's Feedback (Please correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Is the manuscript important for scientific community? (Please write few sentences regarding this manuscript to justify your answer)	The manuscript is important as it has some contributions to the scientific community.	
Is the title of the article suitable? (If not please suggest an alternative title)	The title is suitable.	
Is the abstract of the article comprehensive?	Yes, I found the abstract to be comprehensive and sufficient.	
Are subsections and structure of the manuscript appropriate?	The subsections and structure are appropriate, except for the graphs that should be presented before the detailed discussions.	
Do you think the manuscript is scientifically correct? (Please write few sentences regarding this manuscript to justify your answer)	The manuscript is scientifically correct, given the findings of facies of coarse sand to be more erodible than facies of fine sand.	
Are the references sufficient and recent? If you have suggestion of additional references, please mention in the review form.	The references are not that recent but should be sufficient.	
Minor REVISION comments		
Is language/English quality of the article suitable for scholarly communications?	The language is understandable.	
Optional/General comments	<ol style="list-style-type: none"> 1. It is better for the author to re-phrase the sentences so that the references are appropriately positioned and easier to read. 2. Author to add space between the paragraphs. 3. Author to include the equation that he/she mentioned in the manuscript. 4. Author to re-position the graphs along with the discussions rather than after the discussions, particularly Figure 5. 5. Author to cite the equations used such as to determine morphological trends in Section 2.2. There is a missing information of reference [3] in the first paragraph.	

PART 2:

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Are there ethical issues in this manuscript?	(If yes, Kindly please write down the ethical issues here in details)
