

Review Form 3

Journal Name:	Journal of Engineering Research and Reports
Manuscript Number:	Ms_JERR_120437
Title of the Manuscript:	MODELLING AND OPTIMIZATION OF A BREWERY PLANT FROM STARCH SOURCES USING ASPEN PLUS.
Type of the Article	Method Article

Review Form 3

PART 1: Review Comments

Compulsory REVISION comments	Reviewer's comment	Author's Feedback <i>(Please correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)</i>
Please write few sentences regarding the importance this manuscript for scientific community. Why do you like (or dislike) this manuscript? Minimum 3-4 sentences may be required for this part.	The authors worked on the development of a brewery production unit and their innovation focused on optimizing the production phases and adding a new input to curb the use of malt as a raw resource. Using of the Anova method for statistical analysis lends credibility to the results obtained. Relevance and socio-economic impact of this research will be monitored.	
Is the title of the article suitable? (If not please suggest an alternative title)	Keywords are mostly contained in the title, so no changes are necessary	
Is the abstract of the article comprehensive? Do you suggest addition (or deletion) of some points in this section? Please write your suggestions here.	No significant comments..	
Are subsections and structure of the manuscript appropriate?	It is not necessary to keep some subtitles underlined.	
Please write few sentences regarding the scientific correctness of this manuscript. Why do think that this manuscript is scientifically robust and technically sound? Minimum 3-4 sentences may be required for this part.	The authors worked on the development of a brewery production unit and their innovation focused on optimizing the production phases and adding a new input to curb the use of malt as a raw resource. Using of the Anova method for statistical analysis lends credibility to the results obtained. Relevance and socio-economic impact of this research will be monitored.	
Are the references sufficient and recent? If you have suggestion of additional references, please mention in the review form. :	I suggest that authors include this work in the manuscript comments : https://doi.org/10.1016/j.compchemeng.2010.11.003 https://doi.org/10.1016/j.indcrop.2005.08.004 https://doi.org/10.1002/cae.22468	
Minor REVISION comments Is language/English quality of the article suitable for scholarly communications?	Language/English quality is scientifically acceptable.	
Optional/General comments	Base on the originality of the work, the veracity of the results and the quality of the writing, I give my consent for the publication of this article after the authors have made minor revisions.	

Review Form 3

PART 2:

	Reviewer's comment	Author's comment <i>(if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)</i>
Are there ethical issues in this manuscript?	<i>(If yes, Kindly please write down the ethical issues here in details)</i>
