**Review Form 3**

**PART 1: Review Comments**

<b>Compulsory</b> REVISION comments	<b>Reviewer's comment</b>	<b>Author's Feedback</b> (Please correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Please write few sentences regarding the importance this manuscript for scientific community. Why do you like (or dislike) this manuscript? Minimum 3-4 sentences may be required for this part.		
Is the title of the article suitable? (If not please suggest an alternative title)	Yes	
Is the abstract of the article comprehensive? Do you suggest addition (or deletion) of some points in this section? Please write your suggestions here.	The summary contains all the parts but needs revision. The first sentence is too long. I've tried to correct some mistakes. Below is the corrected version, but without the long sentence.	
Are subsections and structure of the manuscript appropriate?	Yes	
Please write few sentences regarding the scientific correctness of this manuscript. Why do think that this manuscript is scientifically robust and technically sound? Minimum 3-4 sentences may be required for this part.	The subject developed by the researcher is a topical one, as the need for protein must be covered while respecting the quality of the environment. Basic environment for human life	
Are the references sufficient and recent? If you have suggestion of additional references, please mention in the review form.	Reviewing your referencing strategy	
<b>Minor</b> REVISION comments	Minor REVISION	
Is language/English quality of the article suitable for scholarly communications?		
<b>Optional/General</b> comments	The subject is very topical. The text needs to be revised. I suggest converting the coordinates into decimals.	

**PART 2:**
