

## SDI FINAL EVALUATION FORM 1.1

### PART 1:

Journal Name:	<a href="#">Asian Journal of Advanced Research and Reports</a>
Manuscript Number:	Ms_AJARR_119782
Title of the Manuscript:	Study on high and low temperature performance of straw fiber modified asphalt
Type of Article :	Original Research Article

### PART 2:

FINAL EVALUATOR'S comments on revised paper (if any)	Authors' response to final evaluator's comments
<p>The suggestions provided in the first revision are not carefully followed. Please go through the first revision. All suggestions should be carefully read and corrections should be made accordingly. The response these suggestions are not found in the revised manuscript and evaluation sheet :</p> <ol style="list-style-type: none"><li>1. Please modify it. It may be replaced with- "Comparative Study on the Properties of Different Fiber-Modified Asphalts" (Not foll</li><li>2. Abstract can be further improved by adding one or two lines related to the problems associated with the straw fiber in environment or asphalt properties.</li><li>3. Subsections and structure must be improved by following this structure: Abstract, Introduction, Materials, Experimental investigation, Results and discussion, Conclusions, References. The following article can be referred to improve the structure of the manuscript: <a href="https://doi.org/10.1016/j.jobbe.2023.107860">https://doi.org/10.1016/j.jobbe.2023.107860</a></li><li>4. Please add data related to the amount of straw fiber generated yearly in India or country. Please add few lines, how it is causing pollution to the environment.</li><li>5. Please explain what type of reaction taking between fiber and asphalt leading to the improvement in the properties.</li><li>6. The sentences "The performance test is carried out according to the requirements of lignin fiber in 'Lignin fiber for asphalt pavement ' ( JT / T 533-2004 ), see Table 3" has citation of "JT / T 533-2004" But it is not in the list of references. Pleas cite this code "JT / T 533-2004" in Table 3.</li><li>7. Replace "Pilot Project" with "Parameters" in table 3.</li><li>8. Add discussion to Table 4.</li><li>9. The manuscript is written in poor English.</li></ol>	<ol style="list-style-type: none"><li>1. I have changed the subject according to your requirements.</li><li>2. The abstract has been added as required.</li><li>3. I have adjusted the format of my thesis.</li><li>4. I have added the required content to the Introduction.</li><li>5. I have added the required content to the Conclusion.</li><li>6. After changing the paper, the standard is no longer needed</li><li>7. The content has been changed. See the paper for details.</li><li>8. I've added this part of the discussion</li><li>9. In the face of your questions, I have carefully revised.</li></ol>
