**Review Form 3**

**PART 1: Review Comments**

| <b>Compulsory</b> REVISION comments   | <b>Reviewer's comment</b>  | <b>Author's Feedback</b> (Please correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here) |
|---|--|---|
| <p><b>Please write a few sentences regarding the importance of this manuscript for the scientific community. Why do you like (or dislike) this manuscript? A minimum of 3-4 sentences may be required for this part.</b></p>                    | <p>Research manuscripts are significant for nurses. Nurses must have good knowledge of nursing management to treat Parkinson's disease. Management of Parkinson's disease consists of pharmacological and non-pharmacological interventions. Music therapy is an effective non-pharmacological therapy for treating Parkinson's.</p>   |   |
| <p><b>Is the title of the article suitable? (If not please suggest an alternative title)</b></p>  | <p>Yes, the title of the article is appropriate. However, improve the writing.</p>   |   |
| <p><b>Is the abstract of the article comprehensive? Do you suggest the addition (or deletion) of some points in this section? Please write your suggestions here.</b></p>   | <p>The abstract consists of a background of the problem, objectives, methods, results and research conclusions.</p>  |   |
| <p><b>Are subsections and structure of the manuscript appropriate?</b></p>  | <p>Subsections and structure of the manuscript are not appropriate. There have yet to be any research methods and results. The discussion did not include how many articles were found about music therapy to treat Parkinson's disease. What kind of music therapy can treat Parkinson's disease, the mechanics of how it works, and the steps for implementing it.</p>   |   |
| <p><b>Please write a few sentences regarding the scientific correctness of this manuscript. Why do think that this manuscript is scientifically robust and technically sound? A minimum of 3-4 sentences may be required for this part.</b></p> | <p>Music therapy is a non-pharmacological intervention to improve physical, mental, social, and spiritual well-being. Music therapy in treating Parkinson's disease can take the form of sound or music. Music therapy can have cognitive, psychosocial, behavioral, and motor benefits for people with neurological disorders such as dementia or Parkinson's disease. Music is a powerful way to engage multisensory and motor networks, induce change and connect brain regions in networks. Multimodal effects on emotions and reward systems in the brain can be used to facilitate therapy and rehabilitation of neurological disorders.</p> |   |
| <p><b>Are the references sufficient and recent? If you have suggestions for additional references, please mention them in the review form.</b></p>  | <p>The references are sufficient and up to date.</p>   |   |
| <p><b>Minor</b> REVISION comments</p> <p><b>Is the language/English quality of the article suitable for scholarly communications?</b></p>   | <p>Quality articles in language/English suitable for scientific communication.</p>   |   |
| <p><b>Optional/General</b> comments</p>   | <ul style="list-style-type: none"> <li>• Complete the abstract: background, objectives, methods, results, and discussion</li> <li>• Correct the title writing: A review: Use of music therapy in treating Parkinson's disease</li> <li>• The research subtitles consist of background, methods, results, discussion and suggestions</li> <li>• The results and discussion explain the number of articles obtained about music therapy to treat Parkinson's disease.</li> <li>• The discussion compares the research results obtained supported by theory and previous research</li> </ul>  |   |

### Review Form 3

#### **PART 2:**

|   | <b>Reviewer's comment</b>  | <b>Author's comment</b> <i>(if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)</i> |
|---|--|---|
| <b>Are there ethical issues in this manuscript?</b> | <i>(If yes, Kindly please write down the ethical issues here in details)</i> |   |
