PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments	I never seen before a scientific article without conclusion topic. Its necessary to include it in a new version. Before this, the text gets unpublished state, save better decision. I recommend updating the theory background with methodologies insights as well. I think the text can be more robust in this way. Congrats to this opportunity to know your vision on rice culture.	
Minor REVISION comments		
Optional/General comments
