

Review Form 3

Journal Name:	International Journal of Plant & Soil Science
Manuscript Number:	Ms_IJPSS_120881
Title of the Manuscript:	Long term effect of organic and inorganic sources of nutrient on growth of pearl millet (<i>Pennisetum glaucum</i>)
Type of the Article	Original Research Article

Review Form 3

PART 1: Review Comments

Compulsory REVISION comments	Reviewer's comment	Author's Feedback (Please correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Please write a few sentences regarding the importance of this manuscript for the scientific community. Why do you like (or dislike) this manuscript? A minimum of 3-4 sentences may be required for this part.	The manuscript was well-received. From a scientific standpoint, the use of organic and inorganic treatments over time is crucial. over the years,	
Is the title of the article suitable? (If not please suggest an alternative title)	Yes, with some modification I suggest the title(Study of the effect of organic and inorganic nutrient treatments on the growth of pearl millet cereals (<i>Pennisetum glaucum</i>)).	
Is the abstract of the article comprehensive? Do you suggest the addition (or deletion) of some points in this section? Please write your suggestions here.	The study is comprehensive as it examines a single grain type influenced by various organic and inorganic nutritional treatments.	
Are subsections and structure of the manuscript appropriate?	The statement is somewhat incomplete	
Please write a few sentences regarding the scientific correctness of this manuscript. Why do you think that this manuscript is scientifically robust and technically sound? A minimum of 3-4 sentences may be required for this part.	Yes, the manuscript is scientifically and technically sound, with some spelling checks for some sentences ,highlighted in yellow	
Are the references sufficient and recent? If you have suggestions of additional references, please mention them in the review form.	The research contains limited and outdated sources, suggesting the need for the inclusion of modern ones instead.	

Review Form 3

Minor REVISION comments Is the language/English quality of the article suitable for scholarly communications?	"yes, good."	
Optional/General comments	General notes on the manuscript First: The introduction must include the name of the family to which the millet seeds belong and the type of variety Second: Adding a paragraph in the introduction mentioning the types of organic and inorganic nutrients used in previous studies Third: The methods paragraph is arranged in a better way than the narration presented, adding mathematical equations if they exist, and rephrasing the paragraph. Fourth: Results and discussion: Comparing the results reached by the researcher with other researchers to confirm the results reached. Fifth: - Replacing ancient sources with modern ones to enhance research and study Sixth: Adding modern sources to the research due to the lack of sources included in the research Reference 1-The second source, Divya 2021, confirms the year is 2017 2-The second source is very similar to the researcher's work. Only the year of planting changed? Kadam 2019 3 -Khaimal d` source mentions the issue and volume of the magazine	

PART 2:

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Are there ethical issues in this manuscript?	<i>(If yes, Kindly please write down the ethical issues here in details)</i>
