

**Editor's Comment:**

The authors have revised the manuscript considerably, However, there are many spelling mistakes that need to be looked into.

The authors are also required to look into table 4.2 in which either the expected or actual result is missing.

The paper can be accepted for publication after the changes are made.

**Editor's Details:**

Dr. G. Sudheer  
Professor, GVP College of Engineering for Women, Madhurawada, Visakhapatnam-48, India.
