<p>Compulsory REVISION comments</p> <p>1. Is the manuscript important for scientific community? (Please write few sentences on this manuscript)</p> <p>2. Is the title of the article suitable? (If not please suggest an alternative title)</p> <p>3. Is the abstract of the article comprehensive?</p> <p>4. Are subsections and structure of the manuscript appropriate?</p> <p>5. Do you think the manuscript is scientifically correct?</p> <p>6. Are the references sufficient and recent? If you have suggestion of additional references, please mention in the review form.</p> <p><u>(Apart from above mentioned 6 points, reviewers are free to provide additional suggestions/comments)</u></p>	<p>1. In my opinion, this scientific manuscript is important for the development of health science, because the health of pregnant women is important</p> <p>2. already good</p> <p>3. The research method is explained using interviews with questionnaires. can be explained in more detail the structure of the questionnaire used.</p> <p>The conclusion still does not indicate the oral health status of the respondent, perhaps it could be added at the beginning of the paragraph. does not directly enter into the suggestions that will be carried out.</p> <p>4. The script already has a good structure</p> <p>5. Already correct</p> <p>6. The study found that the rates of dental cavities (caries), poor oral hygiene, and periodontitis (gum disease) were high among the pregnant women. What were the main oral health issues found among pregnant women?</p>	
<p>Minor REVISION comments</p> <p>1. Is language/English quality of the article suitable for scholarly communications?</p>	it's good and suitable	
<p>Optional/General comments</p>
