

**Editor's Comment:**

After careful consideration on the revised manuscript based on the suggestions made by the reviewers, I hereby recommend ACCEPTANCE of the paper for publication

The table showing the pretest and post test, gain, etc indicating the names of the respondents is not acceptable. Make use of pseudonyms or codes not the actual names of your subjects for ethical purposes. Subject the paper to stylistics and editing as well.

**Editor's Details:**

Prof. Dennis Gamad Caballes  
School of Teacher Education, Graduate Program School of Teacher Education (Formerly School of Advanced Studies), The National Teachers College, Philippines.
