

Review Form 1.7

Journal Name:	Journal of Advances in Mathematics and Computer Science
Manuscript Number:	Ms_JAMCS_118609
Title of the Manuscript:	On Unitary Quasi-Equivalence and w-Hyponormal Operators In Hilbert Spaces
Type of the Article	

PART 1: Review Comments

	Reviewer's comment	Author's comment <i>(if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)</i>
<p>Compulsory REVISION comments</p> <p>1. Is the manuscript important for scientific community? (Please write few sentences on this manuscript)</p> <p>2. Is the title of the article suitable? (If not please suggest an alternative title)</p> <p>3. Is the abstract of the article comprehensive?</p> <p>4. Are subsections and structure of the manuscript appropriate?</p> <p>5. Do you think the manuscript is scientifically correct?</p> <p>6. Are the references sufficient and recent? If you have suggestion of additional references, please mention in the review form.</p> <p>(Apart from above mentioned 6 points, reviewers are free to provide additional suggestions/comments)</p>	<p>Yes</p> <p>Yes</p> <p>Yes</p> <p>Yes</p> <p>Yes, but check for typos for example log-hyponormal instead of Log-Hyponormal.</p> <p>Sufficient and recent.</p>	
<p>Minor REVISION comments</p> <p>1. Is language/English quality of the article suitable for scholarly communications?</p>	<p>Yes suitable.</p>	
<p>Optional/General comments</p>	<p>The introduction provides a good overview but could be improved for clarity and flow. Consider adding a brief explanation of the importance and applications of studying these operators in Hilbert spaces. Improve the logical flow by grouping related concepts and using transitions. Ensure all terms and notations are clearly defined and state the significance of addressing the gap in research on w-hyponormal, p-hyponormal, and log-hyponormal operators. Finally, check for consistent citations and correct minor grammatical errors. These changes will enhance readability and provide a stronger foundation for your paper.</p>	

Review Form 1.7

PART 2:

	Reviewer's comment	Author's comment <i>(if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)</i>
Are there ethical issues in this manuscript?	<i>(If yes, Kindly please write down the ethical issues here in details)</i>
