

Review Form 1.7

Journal Name:	International Research Journal of Pure and Applied Chemistry
Manuscript Number:	Ms_IRJPAC_107824
Title of the Manuscript:	Copper removal by a clay from central Côte d'Ivoire
Type of the Article	Research publication

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments 1. Is the manuscript important for scientific community? (Please write few sentences on this manuscript) 2. Is the title of the article suitable? (If not please suggest an alternative title) 3. Is the abstract of the article comprehensive? 4. Are subsections and structure of the manuscript appropriate? 5. Do you think the manuscript is scientifically correct? 6. Are the references sufficient and recent? If you have suggestion of additional references, please mention in the review form. <u>(Apart from above mentioned 6 points, reviewers are free to provide additional suggestions/comments)</u>	<p>Yes, the paper describes good results.</p> <p>The title is not attractive at all. Improve.</p> <p>Quantify the abstract.</p> <p>Yes. Provide details of characterization techniques used for the evaluation of material in the material and method section.</p> <p>Yes, On page number 2 in section 2.2 justifies the role evolution of paracetamol concentration in the study. Add the composition of clay in material and method section.</p> <p>The literature review in the paper is average. The references used need to be improved and strengthened.</p> <p>The introduction section needs to improve. I would suggest that the XRD study can be used to give more insight to give about the clay used. The conclusion section needs to be rewritten.</p>	
Minor REVISION comments 1. Is language/English quality of the article suitable for scholarly communications?	<p>The quality of English is satisfactory.</p>	
Optional/General comments	<p>Accepted with revision</p>
