	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<p>Compulsory REVISION comments</p> <ol style="list-style-type: none"> Is the manuscript important for scientific community? (Please write few sentences on this manuscript) Is the title of the article suitable? (If not please suggest an alternative title) Is the abstract of the article comprehensive? Are subsections and structure of the manuscript appropriate? Do you think the manuscript is scientifically correct? Are the references sufficient and recent? If you have suggestion of additional references, please mention in the review form. <p>(Apart from above mentioned 6 points, reviewers are free to provide additional suggestions/comments)</p>	<p>1. About the manuscript The impact and contribution of macroeconomic factors to corporate performance is very important. There are many reports about this issue over the world. Here authors perform a SVAR/HD in Nigeria. They concluded that macroeconomics exhibits varying influences and has different impacts in the short and long term. This research adds the latest data in 2022 which also examines the impact of economic shocks in Nigeria. Therefore, this manuscript is worthy of publication. However, the manuscript must be corrected according to the comments below before being accepted for publication.</p> <p>2. The Title The title is adequate</p> <p>3. Abstract: The abstract has been handled adequately, but there are several things that need attention and revision:</p> <ul style="list-style-type: none"> • Please follow the abstract writing format, including the abstract title, which must be written in CAPS. • Please add keywords to the abstract according to the manuscript writing format. • Please also add, starting from what year to what year this research was taken as a research sample in the abstract section. • Statements of results must be supported by numerical data. How big is the influence of each macroeconomic factor on corporate performance, please add the statistical data results. <p>4. Subsections and structure manuscript:</p> <ul style="list-style-type: none"> • This entire manuscript does not follow the proper writing format. Please correct the font size, font type, spacing, etc. • Problem statement and research question must be stated • Please add author contributions to the article. • Please also add the contribution of current study to literature and what messages are provided with the present study • Please report some of the limitations of this study in the conclusion section <p>5. Is the manuscript is scientifically correct? Every data from the research results has been entered clearly, both in the form of images and numbers. And it has been analyzed clearly by the author. So this manuscript can be said to be scientifically correct and suitable for publication after some revision.</p> <p>6. Reference</p> <ul style="list-style-type: none"> • Please add the website address or link of the Central Bank of Nigeria Database in the references section and don't forget to also write it in the research methodology section. 	
<p>Minor REVISION comments</p> <ol style="list-style-type: none"> Is language/English quality of the article suitable for scholarly communications? 	<p>The manuscript is well written and after some minor revision could be suitable for publication.</p>	
<p>Optional/General comments</p>	<p>In conclusion, this study is great. This manuscript discusses important issues regarding the impact and contribution of macroeconomic factors in a very thorough yet concise manner. This research will contribute to knowledge and add to the current literature. Not only that, this research will also help policy makers, therefore, the manuscript may be considered for publication after revision.</p>
