

Review Form 1.7

Journal Name:	Asian Journal of Research in Nephrology
Manuscript Number:	Original Manuscript_AJRN_117913
Title of the Manuscript:	Vascular Calcification as a Predictor of Left Ventricular Hypertrophy in Haemodialysis patients with Low Residual Function
Type of the Article	Original Research Paper

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<p>Compulsory REVISION comments</p> <p>1. Is the manuscript important for scientific community? (Please write few sentences on this manuscript)</p> <p>2. Is the title of the article suitable? (If not please suggest an alternative title)</p> <p>3. Is the abstract of the article comprehensive?</p> <p>4. Are subsections and structure of the manuscript appropriate?</p> <p>5. Do you think the manuscript is scientifically correct?</p> <p>6. Are the references sufficient and recent? If you have suggestion of additional references, please mention in the review form.</p> <p>(Apart from above mentioned 6 points, reviewers are free to provide additional suggestions/comments)</p>	<p>Yes. Kidney disorders are rising throughout the world and information about their identification and how they impact our quality of life, needs to be disseminated.</p> <p>No. Title suggests correlation between vascular calcification and left ventricular hypertrophy whereas the article talks about complications seen in chronic kidney disease. The author may consider the title, "Association between vascular calcification and residual renal function".</p> <p>Yes. However, use of abbreviations may be avoided in the abstract.</p> <p>Yes. Very much appropriate.</p> <p>Yes. No issues with that..</p> <p>No. References are old and need to be trimmed down in number. About 25 references would be enough. Author has only included 3 references recent to 2012. A good, Recent reference can be this article: https://doi.org/10.1016/j.jacbts.2020.02.002 or this: https://doi.org/10.1371%2Fjournal.pone.0185296</p>	
<p>Minor REVISION comments</p> <p>1. Is language/English quality of the article suitable for scholarly communications?</p>	<p>Yes. There are some minor Grammatical errors but the gist is conveyed.</p>	
<p>Optional/General comments</p>
