Ref. 1: http://dx.doi.org/10.1016/j.jafr.2023.100738 & Ref. 2: http://dx.doi.org/10.35633/inmateh-68-66 The scientific name of cotton should be written in italics within the text (<i>Gossypium hirsutum</i> L.). Please consider this comment throughout the text. The authors should mention the field coordinates in section (2.1 Study area). All equations within the text should be numbered and cited within the text. What about the limitations of this study? The literature review Yadav et al.
