(If not please suggest an alternative title)</p> <p>3. Is the abstract of the article comprehensive?</p> <p>4. Are subsections and structure of the manuscript appropriate?</p> <p>5. Do you think the manuscript is scientifically correct?</p> <p>6. Are the references sufficient and recent? If you have suggestion of additional references, please mention in the review form.</p> <p>(Apart from above mentioned 6 points, reviewers are free to provide additional suggestions/comments)</p>	<p>The manuscript is important for scientific community because media portrayal of individuals has positive or negative impacts on them. Gender frames portrayed in television series in the study cause men to degrade women. This is not healthy for any society and needs to be revised.</p> <p>The title is suitable only that it did not capture the location of the study which is important.</p> <p>Abstract needs some modifications as indicated</p> <p>Not quite appropriate</p> <p>I think the manuscript is scientifically correct</p> <p>References are sufficient but almost 50% is not current</p>	
<p>Minor REVISION comments</p> <p>1. Is language/English quality of the article suitable for scholarly communications?</p>	<p>Language quality is suitable for scholarly communication but the manuscript should be carefully edited for grammatical correctness.</p>	
<p>Optional/General comments</p>
