Review Form 1.7

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<p>Compulsory REVISION comments</p> <ol style="list-style-type: none"> 1. Is the manuscript important for scientific community? (Please write few sentences on this manuscript) 2. Is the title of the article suitable? (If not please suggest an alternative title) 3. Is the abstract of the article comprehensive? 4. Are subsections and structure of the manuscript appropriate? 5. Do you think the manuscript is scientifically correct? 6. Are the references sufficient and recent? If you have suggestion of additional references, please mention in the review form. <p><u>(Apart from above mentioned 6 points, reviewers are free to provide additional suggestions/comments)</u></p>	<p>In the abstract,</p> <ol style="list-style-type: none"> 1. The date and location of the study should be included. <p>Comments in the article :</p> <ol style="list-style-type: none"> 1. The research objectives should be stated at the end of the introduction. 2. The rheological properties of the dough to be studied, or at the very least, the protein and gluten content of the wheat flour and whole wheat samples should have been calculated. 3. In MATERIALS page 7 : The scientific names of sesame, wheat, and unripe plantain must be written in italics. 4. An analysis of the chemical composition of sesame flour should have been conducted after fat extraction because the method used is not effective in extracting all or most of the fat from sesame. 5. This should be clarified in the Materials and Methods . Was whole wheat flour or wheat flour without bran and germ used? 6. On page 8, it was mentioned that the temperature used in the Baking was 230°C, while in the figure showing the steps, the temperature was stated to be between 180°C and 220°C 7. No scientific reference was mentioned for the fat estimation method. <p>Regarding the references:</p> <ol style="list-style-type: none"> 1. (Udeme et al., 2014). And (Raji et al., 2015). are cited as a references on page 3 but is not included in the references list. 2. The ((Wayo et al., 2022). And (Mehmet et al., 2013).) references are cited on page 4 but is not included in the references list. 3. (Chinma et al., 2012). reference is cited on page 7 but is not included in the references list. 4. Lawani et al., (2014). reference is cited on page 14 but is not included in the references list. 5. (Wilson et al., 2017).). reference is cited on page 28 but is not included in the references list. 6. (Soboka et al., 2017). reference is cited on page 29 but is not included in the references list. 7. The Lalwani reference is listed in the references but not found within the context of the article. 	
<p>Minor REVISION comments</p> <ol style="list-style-type: none"> 1. Is language/English quality of the article suitable for scholarly communications? 		
<p>Optional/General comments</p>
