Review Form 1.7

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<p><u>Compulsory</u> REVISION comments</p> <p>1. Is the manuscript important for scientific community? (Please write few sentences on this manuscript)</p> <p>2. Is the title of the article suitable? (If not please suggest an alternative title)</p> <p>3. Is the abstract of the article comprehensive?</p> <p>4. Are subsections and structure of the manuscript appropriate?</p> <p>5. Do you think the manuscript is scientifically correct?</p> <p>6. Are the references sufficient and recent? If you have suggestion of additional references, please mention in the review form.</p> <p><u>(Apart from above mentioned 6 points, reviewers are free to provide additional suggestions/comments)</u></p>	<p>Yes</p> <p>Yes</p> <p>Yes</p> <p>Yes</p> <p>Yes</p> <p>The authors should address my comment regarding this section.</p>	
<p><u>Minor</u> REVISION comments</p> <p>1. Is language/English quality of the article suitable for scholarly communications?</p>	<p>The manuscript contains more grammatical issues and should undergo language editing.</p>	
<p><u>Optional/General</u> comments</p>	<p>1. Numbering the manuscript lines would be better to facilitate the reviewing process. Please consider this comment in the revised version.</p> <p>2. Please write the full definition for the abbreviation of PIR in the manuscript's title.</p> <p>3. The keywords should be written in capitalizing each word; please address this comment.</p> <p>4. The introduction section is too short and needs to be amended by adding more updated references that align with the manuscript's topic. Therefore, I suggest adding the following introductory sentence at the beginning of the introduction section: "Agriculture is the most important sector in all countries around the world [1,2,3]. Ref. 1. http://dx.doi.org/10.1016/j.jafr.2023.100738 & Ref. 2. http://dx.doi.org/10.35633/inmateh-69-35 & Ref. 3. http://dx.doi.org/10.35633/inmateh-68-66</p> <p>5. The equations within the manuscript's text should be numbered, and their numbers should be cited within the text.</p> <p>6. The manuscript contains more grammatical issues and should undergo language editing.</p> <p>7. The conclusion section is too short and should be amended by adding the most important findings and the future perspectives for this study at the end of this section.</p> <p>8. The references section should be reformatted according to the journal's format and guidelines. Please add the references that mention earlier to this section.</p>
