

Review Form 1.7

Journal Name:	South Asian Journal of Research in Microbiology
Manuscript Number:	Original Manuscript_SAJRM_117905
Title of the Manuscript:	Antibiotics Resistance Pattern and Molecular Detection of ESBL Genes in E. coli from both Surface and Underground Water used for Domestic Purposes in some selected Locations in Ibadan, Oyo State.
Type of the Article	Original Research

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<p>Compulsory REVISION comments</p> <p>1. Is the manuscript important for scientific community? (Please write few sentences on this manuscript)</p> <p>2. Is the title of the article suitable? (If not please suggest an alternative title)</p> <p>3. Is the abstract of the article comprehensive?</p> <p>4. Are subsections and structure of the manuscript appropriate?</p> <p>5. Do you think the manuscript is scientifically correct?</p> <p>6. Are the references sufficient and recent? If you have suggestion of additional references, please mention in the review form.</p> <p>(Apart from above mentioned 6 points, reviewers are free to provide additional suggestions/comments)</p>	<p>1. The study was done systematically and well phrased. The impact of overuse of antibiotics and their effects on bacteria in the community and presence of drug resistance genes in these bacteria have a deleterious effect on the community as a whole.</p> <p>2. 'some' twice repeated in the title – Alternate title could be “Antibiotic Resistance Patterns and Molecular Detection of ESBL Genes in E. coli from Surface and Underground Water for Domestic Use in Selected Areas of Ibadan, Oyo State.”</p> <p>3. Yes, the abstract was fine.</p> <p>4. Yes.</p> <p>5. Yes, the methodology and result analysis were scientifically sound.</p> <p>6. The references were fine.</p>	
<p>Minor REVISION comments</p> <p>1. Is language/English quality of the article suitable for scholarly communications?</p>	<p>Yes. Minor changes have been highlighted and commented in the manuscript document. Some of those spelling mistakes were noted in the whole document. They need to be corrected. Author can run the document through Microsoft editor or use Grammarly to correct these grammatical errors in the manuscript.</p>	
<p>Optional/General comments</p>		

PART 2:

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<p>Are there ethical issues in this manuscript?</p>	<p><i>(If yes, Kindly please write down the ethical issues here in details)</i></p>
