

Review Form 1.7

Journal Name:	Journal of Advances in Biology & Biotechnology
Manuscript Number:	Original Manuscript_JABB_117785
Title of the Manuscript:	Advancing Fruit Crop Improvement through Transgenic Strategies
Type of the Article	Review Article

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<p>Compulsory REVISION comments</p> <p>1. Is the manuscript important for scientific community? (Please write few sentences on this manuscript)</p> <p>2. Is the title of the article suitable? (If not please suggest an alternative title)</p> <p>3. Is the abstract of the article comprehensive?</p> <p>4. Are subsections and structure of the manuscript appropriate?</p> <p>5. Do you think the manuscript is scientifically correct?</p> <p>6. Are the references sufficient and recent? If you have suggestion of additional references, please mention in the review form.</p> <p><u>(Apart from above mentioned 6 points, reviewers are free to provide additional suggestions/comments)</u></p>	<p>1 -India ranks second in the world after China in the production of fruits around the world, and these crops play an important role in human life. Flower cultivation in India is considered one of the products for which the demand is constantly increasing, but there are problems in the gardening process due to pathogens, pests and weeds, and it requires a large quantity. of plant protection products per hectare. This is why genetically modified plants whose genetic material has been modified in a way that leads to increased quality of products and increased resistance to diseases, agricultural pests and insects. Therefore, their use was a new way to increase agricultural production in greater quantity and of higher quality.</p> <p>2- Unsuitable Using genetic modification on fruit crops to increase their resistance to diseases.</p> <p>3. Yes 4. Yes 5. Yes 6. Yes</p>	
<p>Minor REVISION comments</p> <p>1. Is language/English quality of the article suitable for scholarly communications?</p>	Yes, the quality of the language is suitable for research	
<p>Optional/General comments</p>		

PART 2:

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Are there ethical issues in this manuscript?	(If yes, Kindly please write down the ethical issues here in details)
