EDITORIAL COMMENT'S on revised paper (if any)	Authors' response to editor's comments
<ol style="list-style-type: none"><li>1. My decision is based on the fact that the information provided in the manuscript does not align with the theme and title of the article. While the manuscript discusses agronomical information about various crops, it fails to address why these crops are underutilized, which is a crucial aspect of the theme.</li><li>2. Without a clear exploration of the reasons behind the underutilization of these vegetable crops, the manuscript does not fulfill the objectives outlined in the title.</li></ol>	<ol style="list-style-type: none"><li>1. This is the review article in the title of "Underutilized Vegetable Crops: Potential sources of nutrition and livelihood security". The manuscript not covered the agronomical information it is covered only the underutilized crops and their importance. These are all the crops are underutilized because its specific to the region, climate and utilized rarely because there are no specific agronomical practices and majority people not aware of these crops so it is called underutilized.</li><li>2. The manuscript prepared based on the topic of the manuscript. This manuscript creates the awareness about the underutilized vegetables and their importance regarding nutrition. Underutilized vegetable fetches higher prices in the market it triples the farmers income.</li></ol>
