

Review Form 1.7

Journal Name:	International Journal of Environment and Climate Change
Manuscript Number:	Ms_IJECC_116648
Title of the Manuscript:	A Comprehensive Review of Greenhouse Gas Emissions in Agriculture and Evolving Agricultural Practices for Climate Resilience
Type of the Article	

PART 1: Review Comments

	Reviewer's comment	Author's comment <i>(if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)</i>
<p>Compulsory REVISION comments</p> <ol style="list-style-type: none"> Is the manuscript important for scientific community? (Please write few sentences on this manuscript) Is the title of the article suitable? (If not please suggest an alternative title) Is the abstract of the article comprehensive? Are subsections and structure of the manuscript appropriate? Do you think the manuscript is scientifically correct? Are the references sufficient and recent? If you have suggestion of additional references, please mention in the review form. <p><u>(Apart from above mentioned 6 points, reviewers are free to provide additional suggestions/comments)</u></p>	<p>The article represents a significant research contribution to the fields of ecology and agriculture. The authors successfully illuminate the current issue of greenhouse gas emissions, examine the main sources of these emissions, and present diverse methods to reduce them. However, there are several points worth noting for further improvement of the study. Some of the methods presented require additional scientific validation and adaptation to specific regional conditions. Additionally, it is crucial to consider the economic viability of implementing new farming methods. In conclusion, the article stimulates further discussion and exploration of sustainable agriculture and its role in reducing greenhouse gas emissions to combat climate change.</p>	
<p>Minor REVISION comments</p> <ol style="list-style-type: none"> Is language/English quality of the article suitable for scholarly communications? 		
<p>Optional/General comments</p>		

PART 2:

	Reviewer's comment	Author's comment <i>(if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)</i>
<p>Are there ethical issues in this manuscript?</p>	<p><i>(If yes, Kindly please write down the ethical issues here in details)</i></p>
