

Editor's Comment:

I've gone through the Peer Review Report of the manuscript entitled "Targeting Uropathogenic Escherichia coli, a Virulent Stains of Urinary Tract Infection: In Silico Study of Aloe Barbadensis Miller Phytoconstituents" provided by 3 reviewers. I've also looked over the authors response to the Reviewers comments as well as the revised manuscript. The authors have modified the manuscript as suggested by the Reviewers.

The manuscript may now be accepted for publication.

Editor's Details:

Prof. Begum Rokeya
Dean, Bangladesh University of Health Sciences, Bangladesh.
