If you have suggestion of additional references, please mention in the review form.</p> <p><u>(Apart from above mentioned 6 points, reviewers are free to provide additional suggestions/comments)</u></p>	<p>YES</p> <p>“Design and implementation of arduino based light fidelity home automation system” this title may be more complete to convey apt meaning.</p> <p>Yes</p> <ul style="list-style-type: none"> • Write the full form along with its abbreviation once in the article and then use the abbreviation where it is required. Try to avoid writing the full forms along with their abbreviations repeatedly. • Write “Photo diode at the receiver detects” instead of “Photo diode at the receiver detect” as this portion is grammatically wrong. • Keep the proper size of the images; so that, they can be fit within the prescribed margin of the manuscript. • Font sizes of different sections in the manuscript are not uniform. • To indicate voltage, sometimes “v” is used and again somewhere “V” is used. Rectify it. • In section 2.3, write “sections” instead of “section”. • In section 2.3 (b), “this signal is sends” is grammatically wrong. Rectify it. • Arrange all the figures with consecutive numbering. Don't write image/ plate instead of figure. <p>Yes</p> <p>Last recent reference is of 2020, it is better to provide more recent references cited here.</p>	
<p>Minor REVISION comments</p> <p>1. Is language/English quality of the article suitable for scholarly communications?</p>	<p>Better writeup is expected in the revised version of the manuscript. There are so many portions in the manuscript where space is missing after full stop.</p>	
<p>Optional/General comments</p>	<p>Well presented manuscript but still it requires some modifications as suggested above.</p>
