

**Editor's Comment:**

As my evaluation this manuscript-

This revised version manuscript will be gone for a major revision.

Due to reason

1. Please write references properly like [1,2] not like that [1],[2]
2. Authors should use references in the methods.
3. Results decimals should be write properly
5. use SD in Table sections.

**Editor's Details:**

Dr. Islam Mohammad Serajul  
School of Food & Biological Engineering, Jiangsu University, China.
