

Review Form 1.7

Journal Name:	Asian Journal of Advances in Agricultural Research
Manuscript Number:	Ms_AJAAR_112397
Title of the Manuscript:	Growth and yields performance evaluation of maize raised on termite mound and surrounding soils
Type of the Article	

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<p>Compulsory REVISION comments</p> <p>1. Is the manuscript important for scientific community? (Please write few sentences on this manuscript)</p> <p>2. Is the title of the article suitable? (If not please suggest an alternative title)</p> <p>3. Is the abstract of the article comprehensive?</p> <p>4. Are subsections and structure of the manuscript appropriate?</p> <p>5. Do you think the manuscript is scientifically correct?</p> <p>6. Are the references sufficient and recent? If you have suggestion of additional references, please mention in the review form.</p> <p><u>(Apart from above mentioned 6 points, reviewers are free to provide additional suggestions/comments)</u></p>	<ol style="list-style-type: none"> The manuscript addresses soil fertility and crop performance. Enhance the statement on the potential impact of the findings on agricultural practices. The title is okay but could be more informative by specifying the study region. Include specific numerical results in the abstract for a clearer understanding. Refine subsections for a more logical flow of information. Provide more details on statistical analysis, including the tests used and significance levels. Include more recent studies to strengthen current relevance. 	
<p>Minor REVISION comments</p> <p>1. Is language/English quality of the article suitable for scholarly communications?</p>	<ol style="list-style-type: none"> Refine the sentence structure for clarity. Conduct a final proofread for consistent language quality. 	
<p>Optional/General comments</p>	<ol style="list-style-type: none"> Consider adding visuals like tables or graphs. Provide more details in the methodology. Check for consistency in units and formatting. 	

PART 2:

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<p>Are there ethical issues in this manuscript?</p>	<p><i>(If yes, Kindly please write down the ethical issues here in details)</i></p>
