Since, the literature for this type is rare, it is an important study for the scientific study.</p> <p>Yes</p> <p>Yes</p> <p>Yes</p> <p>Yes</p> <p>Yes</p>	
<p>Minor REVISION comments</p> <p>1. Is language/English quality of the article suitable for scholarly communications?</p>	Looks Good.	
<p>Optional/General comments</p>	<ul style="list-style-type: none"> ✓ Please mention the type of CT scan performed on the patient (eg. CECT or NCCT Scan) ✓ Instead of using the phrase like attended to at an, you can use as: A 76 year old patient attended at an Oncology center in Brazil in June 2019. ✓ What does the word JBP mean? - Is it a name of the patient?- If it is-then don't use it. ✓ The post-treatment follow up was performed on December 2021 with the experience of disease control but it has been mentioned that the patient was lost to follow-up until 2021. What does that mean? December is the last month of 2021. Can you be clear and precise on this? ✓ Use the full form of the abbreviations used at least while using it for the first time. ✓ Please mention the most common age group for SNEC according to literature (Age-specific incidence rates, if available).
