

Review Form 1.7

Journal Name:	International Journal of Environment and Climate Change
Manuscript Number:	Ms_IJECC_114785
Title of the Manuscript:	Diversity of hymenopteran parasitoids in different crop ecosystems
Type of the Article	

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<p>Compulsory REVISION comments</p> <p>1. Is the manuscript important for scientific community? (Please write few sentences on this manuscript)</p> <p>2. Is the title of the article suitable? (If not please suggest an alternative title)</p> <p>3. Is the abstract of the article comprehensive?</p> <p>4. Are subsections and structure of the manuscript appropriate?</p> <p>5. Do you think the manuscript is scientifically correct?</p> <p>6. Are the references sufficient and recent? If you have suggestion of additional references, please mention in the review form.</p> <p>(Apart from above mentioned 6 points, reviewers are free to provide additional suggestions/comments)</p>	<p>1. The given manuscript is scientifically sound for scientific community as it provides valuable information on the diversity and abundance of hymenopteran parasitoids in different crop ecosystems for developing effective biocontrol strategies against insect pests in agriculture.</p> <p>2. Yes, the title is suitable as it directs the main focus of the study "Diversity of hymenopteran parasitoids in different crop ecosystems".</p> <p>3. The abstract is comprehensive and provides the importance of the research and its potential implications for agricultural applications.</p> <p>4. The subsections and structure of the manuscript are well appropriate and easy to understand of the study's findings.</p> <p>5. The given manuscript is scientifically correct and presents the outcome of the research.</p> <p>6. The references are sufficient and updated, providing a solid foundation for the study's methodology and findings.</p>	
<p>Minor REVISION comments</p> <p>1. Is language/English quality of the article suitable for scholarly communications?</p>	<p>The quality of English in the given manuscript is suitable for scholarly communications with a clear and concise text.</p>	
<p>Optional/General comments</p>	<p>The provided manuscript contains detailed information on the distribution of hymenopteran parasitoids across different crop ecosystem in three districts of Karnataka.</p>	

PART 2:

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<p>Are there ethical issues in this manuscript?</p>	<p><i>(If yes, Kindly please write down the ethical issues here in details)</i></p>
